Description:

OCR Jungle Walk - Single is 2.5 metres high and consists of a vertical steel tube with a diameter of 11.4 cm. A tread and two round handles made of electropolished stainless steel are mounted on the steel tube. To ensure long-lasting durability and environmentally friendly surface treatment, the vertical post is e-painted and then powder-coated. The stainless steel parts are electropolished. With this individual Jungle Walk unit, it is possible to put together your own Jungle Walk course, with the number of units corresponding to the desired level of difficulty.
